

# Instructors Training Course

Ski Ward's Instructors Training Course (ITC) is a mandatory course for all potential ski or snowboard instructors. The course is designed to train and evaluate candidates through indoor classroom sessions as well as on-snow clinics. Each candidate will be evaluated on performance, attendance and attitude *before* being hired. Simply participating in ITC does **NOT** guarantee employment.

The NON-REFUNDABLE ITC fee is \$85.00 and includes all indoor and on-snow clinics, evaluation and a ski/snowboard pass valid opening day through evaluation week (mid December). In the unfortunate event that you are not hired, you will be eligible to purchase a Season Pass at our lowest pre-season price.

**Please complete and sign the section below and bring this paperwork along with your payment of \$85.00 to the Customer Service Desk. Once paid return this form and proof of payment to the Snow School Office.**
